COMPANY PROFILE

GIOVENZANA

INTERNATIONAL B.V.

Giovenzana International B.V.

Strawinskylaan 1105, 1077 XX Amsterdam - The Netherlands

Mission and Vision

Giovenzana's mission is to provide innovative, safe, and high-quality solutions tailored to the specific needs of clients in various industrial sectors. The company is dedicated to promoting products that enhance safety and operational efficiency.

Certifications and Quality

Giovenzana is certified according to major international standards, ensuring that every product meets the highest quality and safety requirements. The commitment to quality is evident at every stage of the production process, from design to manufacturing and after-sales support.

Products and Services

Industrial Automation

- Cam Switches:** Versatile solutions for control and switching;
- Disconnectors:** Safe devices for electrical isolation;
- Auxiliary Controls:** Essential components for process control;
- Limit and Foot Switches:** For position monitoring and safe operations;
- Micro Switches:** Precision applications in small form factors;

Handling System

- Pendant Control Stations:** Safe machine operation controls;
- Slip Rings:** For signal and power transmission;
- Acoustic Signal Devices:** Safety sound signaling;
- Energy Transmission Lines:** Robust systems for power distribution;

Elevator Technology

- Control and Safety:** Reliable operation solutions for elevators;
- User Interface:** Control panels and indicators;
- Wiring Solutions:** Integrated systems for efficient energy and signal management;

ATEX and IECEx

- Components for Hazardous Areas:** Certified products for explosive atmospheres;
- Disconnectors and Cam Switches:** Guaranteed safety in extreme conditions;
- Protective Enclosures:** Advanced protection for electronic components;
- Festoon Systems:** Secure energy and signal transfer solutions;
